

# POLY SPREADER

## ATVS

Utv - Lawn mower with seat - Small tractors

**Anti-corrosion Polyethylene hopper**

**Structure - Anti-corrosion steel, powder coated**

Operation  
with cigarette  
lighter

12V

**EASY**

Assembly  
disassembly

Maintenance

Low  
acoustic  
impact

Fertilizer  
spreaders,  
fertilizers, sand,  
peat, flax

Salt, salt and  
sand  
mixture

The SaltDogg® spreaders of the ATVS series are completely independent and ultra-durable, the main structure is in anti-corrosion polyethylene. The robust design allows the use of salt or a salt/sand mixture. They are easily mounted on small vehicles.

**ATVS15A**  
Capacity lt 60

**ATVS16**  
Capacity lt 60

### ✓ MODELLO STANDARD
